Feb 14, 2022 - Gaming on Android typically requires you to tangle for using touchscreen controls. However, some gracious game developers take the time and effort to include support for Bluetooth gamepads. Once you set up your Android TV box, get the most recent updates before doing anything else. If you're a gamer, buy a spare Bluetooth controller. Most Android TV boxes connect to remotes and game controllers via Bluetooth. If you plan to do any multiplayer gaming, or if you just want a spare, pick up an extra Bluetooth game controller. Aug 06, 2020 - Google added Xbox One controller support to Android 9 Pie, but as previously stated, the Xbox One controller needs Bluetooth when used with Android. Not all models have this component, especially units that shipped with the original Xbox One console. You can tell a difference by looking at the controller's design.
